

Meet the Compact and Powerful

HB8 HIGH BAYS

Power Selectable

Colour Selectable

0-10V Dimmable

Motion Sensor Compatible

The successor to our best-selling HB7C High Bays! Ideal for warehouses, factories, grocery stores, gas stations, gymnasiums, food processing facilities, and more. Rated IP65, NEMA 4X, NSF Certified, and featuring eco-friendly packaging, this fixture checks all the boxes!

SPECIFICATIONS

Pictured: 100W* - 150W Models
*100W only available in black

All Models Available
in Black (BK)

150W and 240W models
available in white (WH)

Power Selectable

60W / 80W / 100W
100W / 120W / 150W
200W / 220W / 240W
240W / 270W / 300W

Colour Selectable

3000K / 4000K / 5000K

120-347V Universal Driver*

*300W models available in
120-277V or 277-480V

Pictured: 240W Models

0-10V Dimmable

Rugged Die-Cast
Aluminum Housing

Motion Sensor
Compatible

6ft Cord Whip Standard

Pictured: 300W Model

Polycarbonate Lens

ALL THE FEATURES YOU WILL EVER NEED

This compact and powerful round high bay from CSC LED provides better protection thanks to die-cast aluminum housing and a polycarbonate lens, along with NEMA 4X, NSF, IP65, and DLC Premium ratings.

The smaller footprint compared to traditional round high bays, standard 6ft cord whip, light weight body, and multiple mounting options make installation a breeze! You can now connect the fixture to the correct voltage and adjust the wattage; and colour temperature! With 0-10V dimming, take advantage the widest range of configurations, all without the need for ordering specific options.

Feel confident that even after installation, you can take advantage of the wide range of adjustments to suit your lighting needs and preferences. Now that's peace of mind!

ACCESSORIES

Accessories to meet your project's every need (sold separately).

Yoke Mount
